## About Nanna's Teas:

Nanna--who opened this neighborhood tea house with her husband Tom and daughter Tobie—herself prepare fine teas which are served on real china. The includes a choice of loose and bagged tea from around the world to be enjoyed with breakfast, lunch and high tea. Before Nanna's Teas, her name sake owned a candy shop, bakery and café. She finally decided to move onto her passion for tea after 30 years of successfully blending special herbal and flavored teas at home for wellness and enjoyment. All of Nanna's teas are hand-blended in-house from leaves, herbs, flowers and fruits from around the world, many of them organic. More than 100 of Nanna's teas are available in bulk for you to take home and enjoy. When Tom, Karen and Tobie put the TeaShop to bed for the night they open the dining area for customers to enjoy fine dining with friends. Come and join us for Diner with Nanna at Dunwoody House.
